**Description:**

Striking example of Fielding Lucas' fine work, which distinguished him as the best publisher of the era. His maps are printed on a higher quality paper than contemporary maps by Carey & Lea and demonstrate a superior engraving quality and more attractive coloring style. The state is handcolored by counties, showing towns, rivers, roads, forts and other places of interest. Lucas' maps are highly desirable and increasingly scarce. Very minor offsetting and a minor fold split not reaching the printed image, else an excellent example.
