**Delta of the Mississippi. Surveyed At The Suggestion Of The Special Board of Engineers, Appointed To Devise A Plan For Improving The Entrance Of The Mississippi River: Compiled In The Bureau of Topographical Engineers. From The Original Survey of A. Talcott, By Th. J. Lee 1st Lieut. . . .**

**Stock#:** 39194  
**Map Maker:** United States Bureau of  
Topographical Engineers  
  
**Date:** 1839  
**Place:** Washington  
**Color:** Uncolored  
**Condition:** VG  
**Size:** 42 x 30 inches  
  
**Price:** SOLD

**Description:**

Highly detailed map of the lower Mississippi River, extending from Fort St. Phillip and Fort Jackson in the north, past Oyster Bay and Bay Ronde to Blind Bay, Carden Island Bay and East Bay, with vignettes of Mud Lump and Carr's Lump, published by the Bureau of Topographical Engineers.

The U.S. Army Corps of Topographical Engineers, authorized on July 4, 1838, consisted only of officers and was used for mapping and the design and construction of federal civil works such as lighthouses and other coastal fortifications and navigational routes.
