Large format case map of America, dissected and laid on linen, with slip case and paste down title. Paste down endpaper includes a note that the map was sold by W. Faden at No. 5 Charing Cross. An excellent map of America, extending to the Sandwich Islands and Cape Verde Islands. The map reflects the updates in the NW Coast of America to account for the voyages of Cook, Vancouver, Mears, La Perouse and others. The Rocky Mtns are a single range, based largely on Humboldt. The Missions in Upper California are named. The Missouri R. extends far north of its true source and references Tall & Manders Indian Villages. Columbia R is similarly mislocated. Extensive forts in the Mississippi Valley. From the year after the Louisiana Purchase.
