#### Description:

One of the few American maps to show Mississippi Territory during the time where the Territory included all of Alabama. The Territory is dominated by Indian Tribes, including the Creeks, Chickasaws, and Choctaws. The Georgia Company and Tennessee Company lands are still prominently labeled. Only a handful of Indian Settlements and other places are located, including Ft. Stoddert, Walkers Shoals, Johnson's, Colbert's, McGilvray's etc. Several roads are also noted. An interesting early Territorial map.
