Description:

Fine large format map of Poland, from the end of the 18th Century.

Highly detailed, naming with far more roads and towns than typical maps of the period. Includes a key naming Polish Worters.

Detailed Condition:

Faint evidence of paper imperfection near title cartouche, which is on the verso Old blue ink stain at bottom left corner, as illustrated. The lower margin is bigger than shown, so the stain is a bit larger, but again, far from printed image.
