### Description:

Rare pamphlet published by Charles Wilson, successor to Norie, providing written sailing directions for the East Coast of North America and portion of the Gulf Coast.

The pamphlet is one of two pamphlets published for the East Coast in 1866, the other covering the waters from Cape Canso to Cape Cod, including Sable Island.

The pamphlet is apparently very rare on the market. We note only 1 institutional copy (Cambridge University) and no auction records. We note only the reference in Sabin (1889) and a British Museum Catalog (1883).

### Detailed Condition:

Blue Wrap printed colors, title page, contents, Appendix (24 pages), Delaware to the Gulf of Florida (iv + 38pp + 2 pp advert), Nantucket to Philadelphia
