### Description:

Highly detailed map of Paris, published by Andriveau-Goujon in 1870.

The map has been meticulously updated, with insets showing supplemental plans for the Bois de Boulogne and Vincennes neighborhoods.

The map includes the footprints of a number of Paris's most important structures, gardens, parks and other public places.

Andriveau-Goujon meticulously updated his maps on an annual basis, making this a finely detailed and accurate map of the city, by one of its leading publishers.

### Detailed Condition:

Dissected and laid on linen.
