Extremely rare late issue of John Rocque's plan of Paris and Environs, published by James Whittle & Richard Holmes Laurie and dated March 1, 1814.

The map is a reduced 2 sheet version of Rocque's highly important 9-sheet map of the environs of Paris, first published in 1748.

The map provides a remarkably detailed treatment of Paris, based upon Roussel's survey of Paris.

The plan is of the utmost rarity--we locate no other examples in any reference work.
