Description:

The First European Printed Map of Missouri .

Fine example of Buchon's map of Missouri, the first map of Missouri published outside of America.

Buchon's map appeared in his *Atlas Géographique, Statistique, Historique et Chronologique*, the first complete atlas of America to include maps of the individual United States published in Europe.

Buchon's map is also one of the earliest maps of Missouri, preceded only by maps published in the United States by Lucas, Carey & Lea and Finley.

Only 16 counties are shown. The Osage line is still present in the west. The surrounding text includes a description of Missouri, including rivers, mines, county information, religion, commerce Government and history and names Missouri's first Governor, Alexander McNair.
