Part of the United States of North America

Stock#: 44814
Map Maker: Loskiel
Date: 1794
Place: London
Color: Hand Colored
Condition: VG
Size: 18.5 x 16 inches
Price: SOLD

Description:

Interesting map of the United States with large inset of the South Carolina and Georgia.

The map extends east to include the confluence of the Kentucky and Ohio Rivers and names Kentucky, but not Ohio or Tennessee. Includes nice detail in the Trans-Appalachian and Trans-Allegheny regions and includes Weld's route through Virginia. Western Territory is shown below Lake Erie, including the names of a number of early Indian Settlements.

A note in the upper left corner identifies the regions in which the Christian Indians reside. An interesting 18th Century map of the United States.
