Mappe-Monde Dressee Sur les Observations . . . 1700

Stock#: 45982
Map Maker: De L'Isle
Date: 1700 (1708)
Place: Paris
Color: Hand Colored
Condition: VG
Size: 26 x 17 inches
Price: SOLD

Description:

Decorative example of De L'Isle's double hemisphere world map.

The map includes the routes of numerous early explorers.

Only the New Zealand coast is partially known, based on the discoveries of Tasman. Similarly, Australia's coastline is incomplete, based upon the discoveries of Dutch explorers.

California is shown as a peninsula--the island model having been rejected by De L'Isle.

A striking example of De L'Isle's first world map.
