Stock#: 46449
Map Maker: Lizars
Date: 1838
Place: Edinburgh
Color: Outline Color
Condition: VG+
Size: 20 x 17 inches
Price: SOLD

Description:

One of only a few maps to name the Republic of Texas

Scarce map of United States, also naming the Republic of Texas.

The present map is one of two printed maps to name the "Republic of Texas." The name appears in the body of the map as the Republic of Texas, making this both a unique and important map for Texas collectors. While a number of American and British map publishers issued maps of the region (both separately and in Atlases), none took the extra step of recognizing Texas as an independent nation in the title of the map.

The map also shows an early Northwest Territory, double wide Arkansas and fine treatment of River Systems west of the Mississippi River, along with many Indian Tribes.

Detailed Condition:

Very faint offsetting.
