(Western United States) Workable Coal Lands

Stock#: 50537
Map Maker: General Land Office
Date: 1906
Place: Washington D.C.
Color: Color
Condition: VG+
Size: 41 x 39 inches
Price: \$ 245.00

Description:

Rare separately published map of the Western United States focusing on coal production.

While the map at first appears to be 1 sheet of a larger map, our research suggests that this map is in fact a re-use of the western sheet of a US Government published wall map.

The detail in the west is quite exceptional and would be of great interest to anyone collecting early 20th century maps of the Western United States.
