**Place:** Philadelphia  
**Color:** Hand Colored  
**Condition:** VG  
**Size:** 34 x 23.5 inches (each)  
  
**Price:** SOLD

**Description:**

***Including Large Territorial Representations of Iowa and Wisconsin***

Nice good example of Mitchell's most popular map of the United States of the period.

Mitchell's map is in complete and original condition, including the original covers and extra sheet containing statistics and city plans.

The map extends west to Texas, Indian Territory and a massive ephemeral Iowa Territory, which at the time extended to the Missouri River and Canada.

Thirty-two large insets of cities surround the statistical table, along with insets of Florida and Maine on the main map. The massive Iowa Territory is also of note. A bit of waterstaining to the top and bottom, but in all, one of the best and most decorative examples of this map we have seen.

**Detailed Condition:**

Folding map, with extra sheet of text showing city plans.
