Description:

Striking example of Fielding Lucas' finely executed map of Louisiana.

The map shows Louisiana before the formation of a number of its northern Parishes, along with a fine early depiction of Mississippi and western Alabama, only a few years after the creation of Alabama Territory.

Lucas's maps were typically printed on a higher quality paper than contemporary maps by Carey & Lea and demonstrate a superior engraving quality and more attractive coloring style.

The state is hand colored by counties, showing towns, rivers, roads, forts and other places of interest.

Lucas' maps are highly desirable and increasingly rare on the market.
