Description:

Marvelous map of the West Indies, Florida the Gulf Coast, Texas and Central America. Includes a key showing the various colonial possessions of Spain, England, the United States, France, Holland, Denmark and Sweden, along with native Indian regions. Louisiana is now appearing as part of the US, indicating that the map was issued shortly after the Louisiana Purchase. Excellent early detail in Texas. Robert Wilkinson was active in London as a cartographic publisher from 1785 to 1825. He produced a number of nice works, including a General Atlas and a re-issuance of Bowen & Kitchen's English Atlas, along with excellent large format separate maps.
