### Description:

#### ***An Unrecorded Issue!***

Nice full color example of Ortelius' map of the region centered on the Drag and Sava Rivers, extending south to the Adriatic, near Zara, and east to the Danube and west to Triest, Meron, Villach and Karlsberg.

The present example has the number 70 on the verso, which is not recorded by Van Den Broecke. It came with an incomplete set of 1574 maps. Van Den Broecke notes that this map did not appear in either the 1573 or 1574 edition of the atlas, making this apparently an unrecorded issue of the map.

From a Latin edition of Ortelius's *Theatrum Orbis Terrarum*, the first modern atlas of the world. A nice full color example with wide margins.
