**Description:**

Nice example of Bellin's second large format map of Santa Domingo (Haiti). The mountainous terrain on the island is vividly shown and the coastline includes the locations of settlements, forts, reefs, safe harbors, and fresh water.

Jacques Nicolas Bellin began serving as the Depot de la Marine's senior hydrographic engineer beginning in 1721. Under his direction, the Depot de la Marine became one of the leading sources for accurate charts of all parts of the world for the next 50 years.
