Description:

Impressive Chart of the area between Lantau Island and the western Hong Kong Harbor.

A very detailed chart of the section of water west of Hong Kong Harbor. The map includes Tsuen Wan (湾), Kwai Chung (湾), Cheung Sha Wan (湾) and at the far left, Lantau Island (岛) and Hong Kong Disneyland Resort (乐园), with Park Island (岛) and Man Wan (湾) Island.

The chart was first published in 1908, based on the surveys of Commander C.E. Monro of H.M.S. Rambler, 1906, Captain W. Osborne Moore, R.N., 1893, and Captain Morris H. Smyth, 1902. It was updated with corrections from the Hong Kong Harbour Department surveys to 1933, and further updated to 1949.

The map features ubiquitous soundings and extremely detailed topography.

Stonecutters Island is shown in the lower right of the map. After reclamation, the island has become part of Kowloon.
