Description:

Detailed map of the western part of South America and part of Central America, extending from Costa Rica to northern Chili.

The map was used to illustrate the Dutch Translation of the travels of Franciscus Pizarrus (Pizarro) and Didacus Almagrus from Panama to Peru in the year 1526.

In all, Vander Aa issued 130 translations of important 15th, 16th and 17th Century Travel Narratives to America, Africa and Asia, which were issued in 28 volumes in the early part of the 18th Century. Many of the narratives are either unobtainable or extremely rare in their original formats. Striking full color example of this beautifully engraved map.
