Description:

Rare Second Edition -- Printed on Thick Paper.

Interesting early coastal chart of the Oregon Coastline, the northern most of 3 charts published to cover the region by the US Coast Survey.

The chart covers the coastal details of Oregon, with some topographical information.

Of note, this rare second edition was not published in an Annual Report of the Coast Survey. The Third Edition, with a significant revised treatment of the mouth of the Columbia River, etc. appeared in the annual report.

Detailed Condition:

Printed on thick paper. Minor toning.
