### Description:

Nice example of Mercator's map of Sicily and Sardinia, from Mercator's edition of Ptolemy's *Geographia*, first published in 1578 and republished in Amsterdam beginning in 1695.

Gerard Mercator published his edition of Ptolemy's maps as what he intended as a companion to his *Atlas of the Modern World*. Beginning with the 1695 edition, the plates were re-worked, substituting a new cartouche within the map, containing a second title.
