Description:

Early Antique Map of Chicago.

Engraved plan of the city of Chicago, issued in the 1858 edition of D.B. Cooke's city directory.

The map has great detail of the early streets and their names.

Perhaps the most interesting part of the map is its differentiation of the "Original Town" from the later additions which surround it, very many of which are named on the map.

Scarce antique map of pre-fire Chicago.
