**Date:** 1873  
**Place:** New York  
**Color:** Color  
**Condition:** VG+  
**Size:** 17 x 13 inches  
**Price:** SOLD

### Description:

Scarce regional map, colored by counties and showing towns, mountains, rivers, railroads, etc. This map was originally engraved in the late 1850s as part of a wall map by Rogers & Johnston, and represents a unique and long running collaboration between American and British cartographic publishers. One of the few maps to show Wyoming with only 5 counties. Extensive Indian notes, forts, early roads, etc. An excellent early regional map.
