### Description:

Scarce Spanish map of the United States, published in Madrid in 1834.

The map emphasizes the newly created Oregon Territory, here called Colombia, as well as the Missouri Territory and Northwest Territory, pre-dating the formation of Wisconsin and Iowa.

The old Spanish Districts west of the Mississippi River are still shown (San Luis, Howard, Lawrence and Orleans. along with the Est.s del Mississippi, shown between Alabama Territory and the Mississippi River, a flawed acknowledgement of the Mississippi's statehood, it would seem.
