Description:

Scilly Islands and Cornwall to Bristol Channel and Gloucester -- An Early Sailing Chart

Rare sea chart of the coast of southwestern England and the Bristol Channel, extending inland to Gloucester, which appeared in Blaeu's *Het Licht der Zee-vaert*, first published in 1608.

The charts for this atlas are titled in both Dutch and French and are extremely rare. This is the only example of the chart we have seen on the market in more than 20 years.
