Description:

Early Sailing Chart of the East Coast of England.

Rare sea chart of the east coast of England, with Great Yarmouth at the far left (i.e., south) of the chart, stretching through The Wash, and mouth of the Humber, to Newcastle.

The chart appeared in J Blaeu's *Het Licht der Zee-vaert*, first published in 1608.

The charts for this atlas are titled in both Dutch and French and are extremely rare. This is the only example of the chart we have seen on the market in more than 20 years.
