Description:

Early Dutch Sailing Chart of the Canary Islands

Rare sea chart showing Canary Islands, showing the islands of Lanzarote, Fuerteventura, Palma, Ferro, Gomera, Tenerife and Gran Canaria.

The chart appeared in J Blaeu's *Het Licht der Zee-vaert* , first published in 1608.

The charts for this atlas are titled in both Dutch and French and are extremely rare. This is the only example of the chart we have seen on the market in more than 20 years.
