## Vue de San Francisco

**Stock#:** 62482  
**Map Maker:** Le Breton  
**Date:** 1854 circa (20th Century?)  
**Place:** Paris  
**Color:** Color  
**Condition:** VG+  
**Size:** 14.5 x 10 inches  
**Price:** SOLD

### Description:

Scarce early view of San Francisco, with a stylized view of the city and bay from a hillside, apparently looking north toward the Golden Gate and Alcatraz.

The view was issued during the Gold Rush at a time when European audiences were hungry for images of California.

The present example seems to be a later impression on 20th Century paper.
