Description:

Striking example of Fielding Lucas' fine work, which distinguished him as the best publisher of the era. His maps are printed on a higher quality paper than contemporary maps by Carey & Lea and demonstrate a superior engraving quality and more attractive coloring style. The state is handcolored by counties, showing towns, rivers, roads, forts and other places of interest. Lucas' maps are highly desirable and increasingly scarce. This example was issued to accompany the Memoir of Cadwallader Colden. The map has a repaired tear where it was bound into the book, which has been invisibly mended. The map is updated from Lucas' Atlas edition of the map, to include an additional profile. The coloring is in Lucas' usual exceptional style.
