### Description:

Elegant map showing Texas as a Republic. Excellent detail in Texas and along Rockies. Pre-Fremont Alta California includes 2 Salt Lakes, mythical rivers of Buenaventura & Francisco from the Uintahs to SF Bay. While often referred to as the German Mitchell, this characterization is unfair, as the work appears to be a collaborative effort which predates the sale of Tanner's plates to SA Mitchell. Of great interest is the suggestion that the work was published A nice example with full wide margins.
