Description:

Highly detailed map of North America, showing the region at the time of the Louisiana Purchase. Nice incomplete NW Coast of America shows post Vancouver information. Massive Lake Teguayo appears, with feeble effort to keep Quivira on the map. Three Volcanoes are noted near Mendocino. The Colorado River is the Martyrs River. Very incomplete knowledge of the Transmississippi West, shortly before Lewis & Clark. A bit of darkening along one fold, but otherwise a nice example.
