Description:

Scarce map of the Southeast, showing Georgia and South Carolina and including much of North Carolina, including Raleigh, Waynesboro, Cape Fear and Wilmington. The map extends south to include parts of Northern Florida, including Jacksonville, Ft. St rivers, towns, courthouses, etc. An amazing work and a must for regional collectors. Perhaps the most detailed map of the region produced to that date. From Vandermaelen's remarkable 6 volume atlas, which if combined as globe gores forms an immense globe. Vandermaelen accomplished the first atlas mapping of the world on a uniform scale. His treatment of the Western US is a landmark in the history the cartography of the Western US, undertaking to map in 20 sheets a region which American publishers were virtually ignoring.
