Description:

The Rare First State of the 1995 Map

Finely illustrated map of the Magic Kingdom, celebrating its 40th anniversary.

This is one of two nearly identical maps from 1995. The difference between the two maps relate to various errors, which were discovered after a small number of maps were printed.

The following are the errors:

- Upper Left: Walt Disney's opening day speech is given as July 15, 1955, when in fact it was given on July 17, 1955.
- At the bottom of the map, below Monorail Blue, the designation is "Mark VI", but should be "Mark V".
- Under the "d" in the Tomorrowland banner, a car from the old Skyway attraction between Tomorrowland and Fantasyland still shown, even though the ride had been removed.

The map is printed on glossy paper, unlike the revised edition, which is on a non-gloss paper.
