**Description:**

***Mapping The Boxer Rebellion***

Rare set of 3 maps illustrating the theater of war during the Boxer Rebellion, issued in Berlin by Dietrich Reimer.

Published in the second year of the Boxer Rebellion (1899-1901), the maps would seem to have been published to inform Berliners of the regions in which the war was being waged.

The first map appears in Jeremy Black's *Maps of War: Mapping Conflict Through the Centuries*, to illustrate the Theater of Operations in China, illustrating the original in the Library of Congress.

**Rarity**

The maps are apparently very rare. The Library of Congress would appear to have 2 of the 3 maps and several national libraries have 1 or 2 of the maps, but the only complete sets seem to be in two German Libraries.
