### Description:

Flawless example of this map, covering the Baja from Isle Redonda to just south of Santa Margarita Island on the Pacific and Tiberon Island to Cerralbo and P. Arenas in the Gulf on the Baja Side. Includes most of Sonora. Shows towns, roads, Missions, Bays, Islands, etc. A remarkably detailed regional map for the period. From Vandermaelen's remarkable 6 volume atlas, which if combined as globe gores forms an immense globe. Vandermaelen accomplished the first atlas mapping of the world on a uniform scale. His treatment of the West is a landmark in the history the cartography of the Western US, undertaking to map in 20 sheets a region which American publishers were virtually ignoring. A fine example.
