Description:

Fine example of this elegantly engraved & detailed map of Illinois, based upon Tanner's work in the early 1840s.

Shows counties, towns, roads, rivers, lakes, etc. While often referred to as the German Mitchell, this characterization is unfair, as the work appears to be a collaborative effort which predates the sale of Tanner's plates to SA Mitchell.

Includes a large inset of the Lead Mining regions in southwestern Wisconsin (then the Huron District).
