- Lower Nile Delta / Cairo
- Lower Nile Delta / Cairo
- Nile River (To Lake Victoria)
- Nile River to Aswan

### **German School in Alexandria**

The Deutsche Schule der Borromäerinnen Alexandria was founded in 1884. Its initial mission was to educate German and Austrian children, whose fathers were employed in the construction of the port of Alexandria. As the school grew, a curriculum based on the model of the so-called higher school for daughters (dt. Höhere Töcherschule) was introduced in 1894.

The school was closed with the expulsion of its instructors in the First World War, but reopened in 1922.

After World War II, in 1946, Arabic became an official language taught at school.

### **Detailed Condition:**

Pencil, pen, crayon and water color.
