#### Description:

##### *The First Atlas Map of Coronado, California*

The map provides a fine town plan of Coronado, with the Library and Park at the center, the pier for the San Diego & Coronado Ferry at the top, and the Coronado Hotel Fair Grounds at the bottom right.

At this time Coronado was accessible via the San Diego & Coronado Ferry (whose dock is visible at the top of the map) and via a road to "Tent City" shown at the bottom of the map.

This is from W.E. Alexander's 1912 *Plat Book of San Diego County, California* published by the Pacific Plat Book Company of Los Angeles and San Francisco.

#### Rarity

In over 25 years of business in San Diego, this is the first time we have offered the map for sale.
