### Description:

#### ***Hieroglyphic Map of the Pilgrimage of the Aztecs to the Valley of Mexico***

Scarce map showing the travels of the Aztec Tribes which led them to the Valley of Mexico, from Antonio Garcia y Cubas' monumental *Atlas Geographico, Estadistico e Historico de la Republica Mexicana*, the first atlas of the Mexican Republic.

The map employs the symbols of the Aztecs which were utilized in indigenous pre-Columbian maps to illustrate the journey.

The map includes a text explanation by Doctor Jose Fernando Ramirez, then Conservator of the National Museum of Mexico in the 1850s.

Antonio Garcia y Cubas was Mexico's first great map maker and his work is highly sought after.

### Rarity

This is the first example of this map we have ever offered for sale.
