Description:

Detailed chart of a portion of the Coast of Peru and Bolivia, with the signature of Captain William Christie at the bottom.

Includes four profile views.

The present chart is based upon surveys on the coast of South America aboard the H.M.S. *Beagle* in 1836, during its second voyage.

The second voyage of *HMS Beagle* is notable for carrying the recently graduated naturalist Charles Darwin around the world. While the survey work was carried out, Darwin travelled and researched geology, natural history and ethnology onshore. He gained fame by publishing his diary journal, best
