Description:

Pictorial Map Buy Famed Artist Martin Peikert

Fine pictorial map of the area around Lake Lucerne, published to promote local tourism, drawn by the well regarded artist Martin Peikert (see bio below).

The map provides a pictorial view of the various rail lines around the lake, along with towns, and hotels, museums and recreational activities. At the bottom left is a key map, showing the location of Lake Lucerne on a map of Switzerland, with schematic connections to larger European cities.

This work would appear to be relatively early in Peikert's career and relatively unusual, as he is primarily known for his poster art and we were not able to find any other maps which he produced.

Rarity

The map would seem to be quite rare, as we were not able to locate another example.
