Description:

Scarce view of the Piazza San Marco in Venice, engraved by the Merian family for *Topographia Italiae*.

The present view comes from the last volume of Merian's *Topographia*, with maps and plates by Mathias Merian published in 30 parts between 1642 and 1688. After the elder Merian died, the work was continued by his son's Mathias and Caspar. Because this is the final volume is the last of 30 volumes published over a 46 year run, it is the scarcest of Merian's works.
