**Place:** Quezon City  
**Color:** Color  
**Condition:** VG+  
**Size:** 12.5 x 8 inches  
**Price:** \$ 175.00

#### Description:

Attractive English-language street map of Manila, printed in colorful pink and blue. The sketch-like qualities of the outlined features further the tropical impression this map seeks to convey.

This map shows the heart of Manila, centered on the old walled city of Intramuros. The Pasig River flows through the north of the map and the map extends south roughly as far as the Zoo. A detailed inset of Intramuros is shown in an unusual grey overlay which makes reading parts of the map more difficult.

The verso of the map includes Filipino imagery and text describing the city and it also advertises the welcoming nature of the country.
