**Mapa Del Pais Que Habitan los Araucanos En Chile, De Poncho Chileno y De Las  
Misiones Apostolicas**

This enlarged map, which was issued in about 1827 (based upon catalog entry at the Bibliotheque National de France), covers a wider region, although the two insets are given on smaller scale than the main part of the map.

In his account, Sallusti describes his trip from Rome to Chile, with chapters dedicated to the city of Buenos Aires, Mendoza, Santiago De Chile, Montevideo, customs of the South American Indians and the situation of the catholic missions in Chile.
