Description:

Very rare paneled map of Africa from Pierre D'Avity's *Les Etats, Empires Royaumes...du Monde*.

The earliest version of this map was published separately by Jodocus Hondius in 1618.

This example is based upon the second state of Janssonius' map of 1623. The cartography is based upon the earlier maps of Jansson.

The most noteworthy change in the map is the change to the lower cartouche and the apparent misspelling of Africa.

Neither Tooley nor Norwich list this map.
