Description:

One of the earliest obtainable maps to name the US. Shows colonies, but limits them to the region east of the Alleghany & Appalachians. The west remains French & Indian, with forts, settlements, Indian tribes, etc. Nicely detailed & important map. Still no Vermont. Detroit is shown. The Country of the Six Nations is shown, as are a number of early Western Forts. A nice example of this scarce map, which rarely appears on the market, even rarer with the decorative borders.
