Rare View of Toledo

Finely colored example of this rare late view of Toledo, published by Janssonius in 1657.

The view is a modified version of the view which first appeared in Braun & Hogenberg's *Civitatus Orbis Terrarum*, but has been significantly modified, with a new decorative cartouche and coats of arms and removal of the decorative elements ringing the top of the city.

Rarity

This is the first example of the view we have seen on the market.
