Description:

Early map of the San Pedro area (Pt. Fermin to beyond Deadman's Island) and the area North of Pt. Castillo near Santa Barbara. This is a curious example, issued on heavier paper and backed with linen, and bearing a manuscript note: Price 30 cents, which suggests that this may once have been a working chart used for navigational purposes. The map bears the stamp of the Bancroft Library and a withdrawn notation, suggesting it likely was donated to the Bancroft sometime in the late 19th or early 20th century and later deaccessioned. The No. 609 is also added in the upper left corner. A curious example of this early piece of Southern Californiana.
