### G.T. Brown

Grafton Tyler Brown is perhaps the first and unquestionably the most famous African American artist and lithographer to depict California and the Pacific Coast. Born in Harrisburg, Pennsylvania, February 22, 1841, Brown moved to San Francisco at the age of 20 and learned the art of lithography from C. C. Kuchel. In 1861 and again in 1864, Brown created the two earliest bird's eye views of Virginia City. At the age of 26, he established his own firm, G.T. Brown & Co.

Brown produced skillfully illustrated bank notes, labels, and maps, and stock certificates for Wells Fargo, Levi Strauss and Co., and several mining companies. His significant lithographic production, *The Illustrated History of San Mateo County* (1878), featured 72 views of the county's communities and ranches. Brown traveled throughout Oregon, Washington, Idaho, Wyoming, Nevada, and British Columbia (where he settled in 1882), producing maps and illustrations, including many landscape paintings.

In 1893, Brown secured employment as a draftsman at the St. Paul, Minnesota office of the U.S. Army
